Director
Luke's Commission Compatiet Medicine
P.O Box

Dear Sir/Madam

This letter serves to appreciate services offered by the commission at the Manzana Nazarene School in Dvokolwako. Your commission visited our area on May, 2007 and offered medical assistance to five hundred (500) patients. You also visited us in April, 2008 and offered medical assistance to Eight hundred and fifty five (855) patients.

Our pupils benefited a lot as they also received treatment, clothing and shoes at no charge. In addition, two pupils were funded to get operation at RFM hospital by your commission. Indeed, you are commissioned by God through understanding the great commission in St Luke.

We greatly appreciate your services and will be extremely happy to be visited again. A big Thank-You on behalf of the community.

Yours Faithfully

M.P. Ndwandwe (H/T)
