MISSION

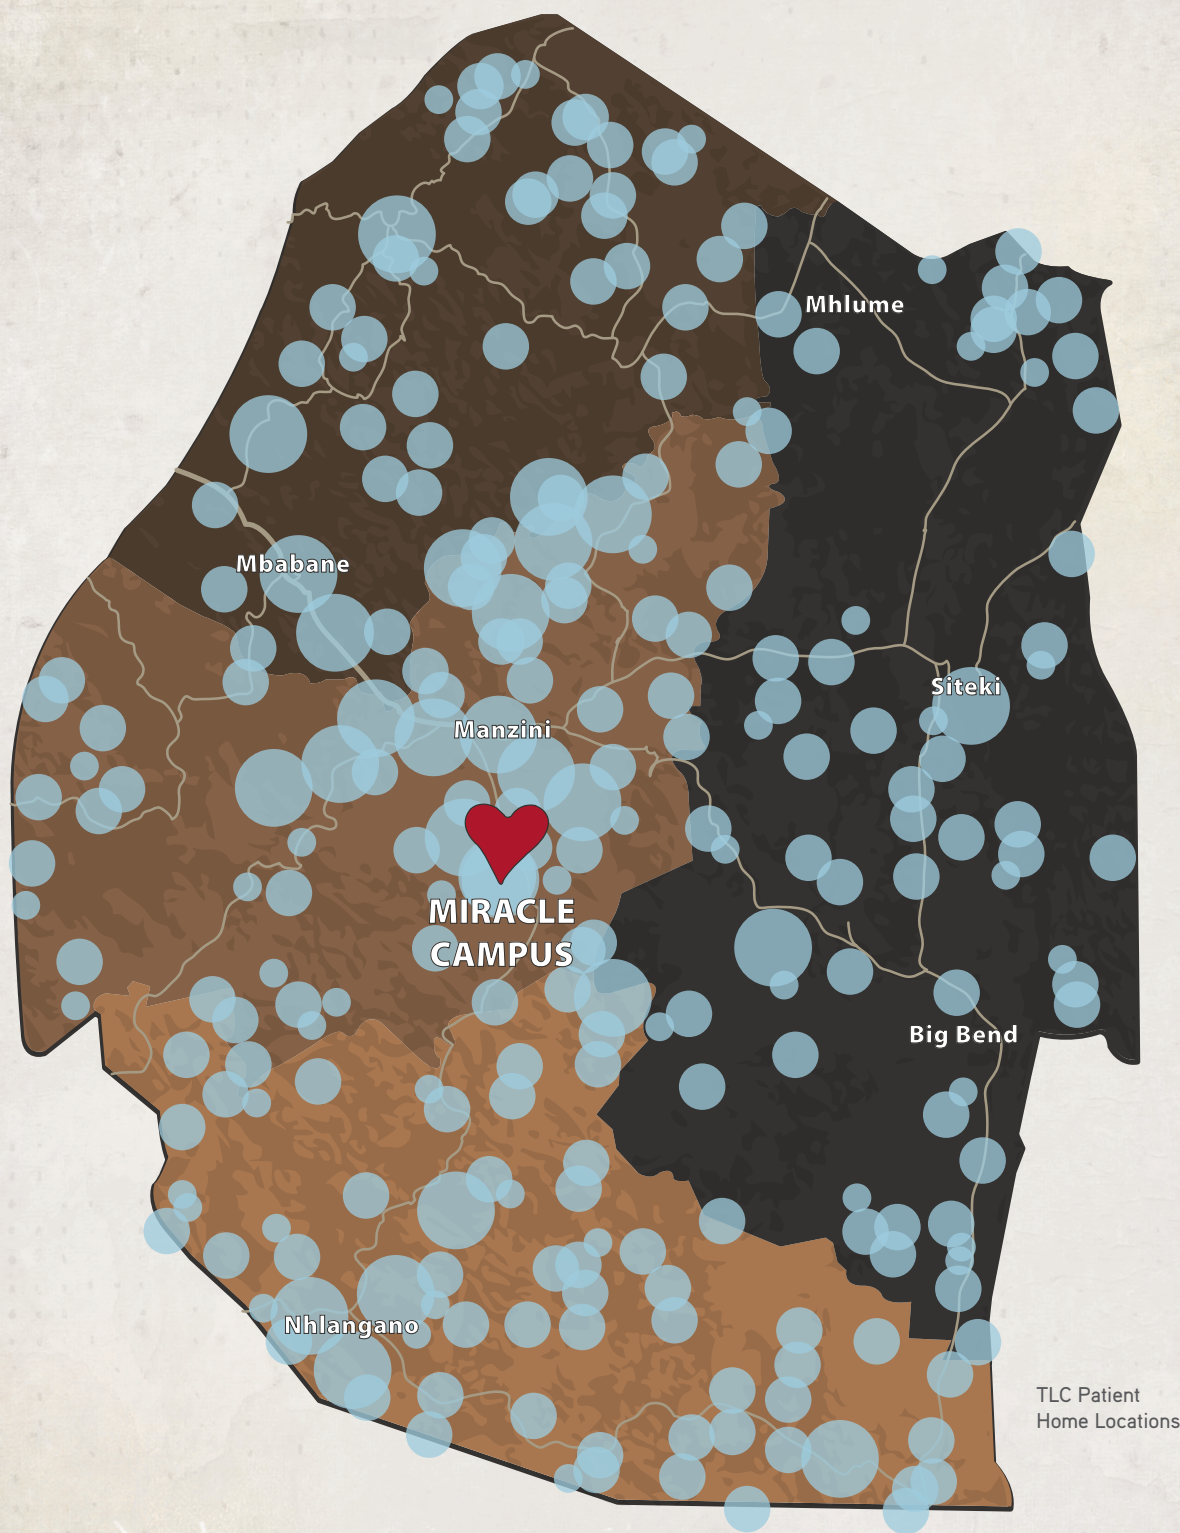

To deliver compassionate, comprehensive healthcare to the most isolated and underserved populations of southern Africa in collaboration with local communities, government, corporate, and non-profit partners.

Serving People Across Eswatini

671,400 patient visits since 2005

For stories of hope, help, and healing, visit www.LukeCommission.org.

TLC's reporting year ends September 30th.

Our HIV services are funded by the support of the American people through USAID with PEPFAR funding.

VISION

To end the isolation of underserved communities to quality healthcare
